Re: Fourwinds Construction

To Whom It May Concern:

Eastern Construction Company Limited has engaged the services of Fourwinds Construction on numerous projects over a number of years. I have been personally involved in four projects with Fourwinds in the last ten years.

The projects have all been completed in a timely manner without major issues or claims. We have found Fourwinds staff to be knowledgeable and competent in their work. Cosmo and Sandro are hands on and available to deal with issues and schedule challenges in a reasonable and professional manner. On occasion we have had to request that they schedule or reschedule their work to suit site conditions or constraints. They have always worked cooperatively with our field staff in accommodating requests.

Our business relationship has been very successful and I welcome their involvement on any project. I have no hesitation in recommending Fourwinds for future projects for Eastern or other clients.

Yours truly,
